

**REMARKS**

In the Notice of Allowance mailed May 6, 2005, the Examiner amended claims 17 and 18 to replace the term "upwardly" with "downwardly". At page 2 of the Notice of Allowance, the Examiner asserts that FIG. 2 of the present invention illustrates the light reflected downwardly by the reflecting member 50. The Applicants respectfully agree with the Examiner's interpretation of FIG. 2. However, the Applicants respectfully submit that the reflecting member downwardly reflects light which is upwardly and laterally irradiated from the heat/light generating units (see paragraph [0026] of the Specification).

Therefore, claims 17 and 18 have been amended to clarify the claims.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
